SPECIAL ISSUE on

Data-Driven Approaches to Intelligent Environment applicants

COORDINATING EDITOR

Egon L. van den Broek, Utrecht University, Utrecht the Netherlands,
e-mail: e.l.vandenbroek@uu.nl

DESCRIPTION

This special issue in **Open Computer Science** is organized in cooperation with the **19th International Conference on Intelligent Environments** (Mauritius – 27th to 30th of June 2023).

IE2023 offers an international forum and welcomes contributions from all over the planet. Intelligent Environments refer to physical spaces in which information and communication technologies, artificial intelligence, interfaces, sensing, and actuating technologies are woven to create interacting spaces. The ultimate objective of such environments is to enrich users' activities while allowing users to manage them and be aware of each other's capabilities.

Topics of interest include but are not limited to:
- Industry 4.0 and smart spaces, cities, and communities
- Pervasive and Mobile computing
- Sensors and actuators
- Context awareness
- Evaluation Paradigms

Authors are requested to submit their full revised papers complying with the general scope of the journal. The submitted papers will undergo the standard peer-review process before they can be accepted. Notification of acceptance will be communicated as we progress with the review process.

HOW TO SUBMIT

Before submission authors should carefully read the **Instruction for Authors**.

Manuscripts can be written in TeX, LaTeX (strongly recommended) - the journal's **LATEX template**. Please note that we do not accept papers in Plain TEX format. Text files can be also submitted as standard DOCUMENT (.DOC) which is acceptable if the submission in LATEX is not possible. For an initial submission, the authors are strongly advised to upload their entire manuscript, including tables and figures, as a single PDF file.

All submissions to the Special Issue must be made electronically via online submission system **Editorial Manager**:

http://www.editorialmanager.com/opencs/

All manuscripts will undergo the standard peer-review process (single blind, at least two independent reviewers). When entering your submission via online submission system please choose the option "Special Issue on *19th International Conference on Intelligent Environments*".

Submission of a manuscript implies that the work described has not been published before by the authors or anyone else and it is not under consideration for publication elsewhere. The IE2023 conference article has to be rewritten and **extended by at least 30%.** Moreover, it shouldn't include identical text. If appropriate, the author should obtain written permission from the original article's copyright holder. Adequate authors' statements and references to the original source should be included in a manuscript.

Article Processing Charges **will be waived** for the best article in this Special Issue. Moreover, the authors of all other articles accepted for publication in this Special Issue will receive a **-40% discount** on APC.

Together with the manuscript, submit

- o A cover letter that indicates it concerns the IE2023 special issue;
- o A letter that explains the changes made compared to the IE2023 conference article; and
- o The IE2023 conference article as published.

The deadline for submissions is September 30, 2023, but individual papers will be reviewed and published online on an ongoing basis.

Contributors to the Special Issue will benefit from:
- **fast, critical peer-review**
- no space constraints
- quick online publication upon completing the publishing process (**continuous publication model**)
- better visibility due to **Open Access** – free, unrestricted, and permanent access to all the content
- **liberal policies on copyrights** (authors retain copyrights) and on self-archiving (no embargo periods)
- promotion of published papers to readers and citers
- **long-term preservation** – content archiving with Portico
- their publication Indexed by the **Web of Science (ESCI) and SCOPUS**

We are looking forward to your submission!
